Carta Descriptiva

Workshop. Bullying: what teachers can do about it

Main objective:

Gain insight into the origins, development and consequences of bullying in order to create strategies to prevent, detect and manage this type of aggression in the school community.

Promoting a “zero tolerance to violence” culture at school to ensure the physical and emotional integrity of its members.

Specific objectives:

- To understand the bullying problem through the psychological, familial and sociocultural perspectives
- For participants to be able to identify and analyze the bullying symptoms
- Gain insight into the psychodynamics of the bullies, the bystanders and the victims
- For the participants to be able to assess the scope of the bullying problem in their school and come up with ways to respond to it effectively

Number of hours: 20 hours

Number of participants: 15 - 20
